NEW EXHILARATING ATTRACTIONS!

Manta at SeaWorld

Inspired by the underwater flight of these powerful creatures, guests fly face-down, in a horizontal position, underneath the belly of a coaster train shaped as a

giant manta. With a wing span of 12 feet, the giant manta will soar over sea and sky in the most graceful flying coaster ever created.

Gliding, swooping and diving up to nearly 60 mph, through four inversion on a 3,359 feet of track, riders will feel as if they are a ray, taking flight effortlessly from sky to sea -- so close at times that the Manta's wings skim the waves.

A seamless blend of up-close animal encounters with a head-first, face-down thrill ride, Manta is an adventure only SeaWorld could create.

Hollywood Rip Ride Rockit at Universal Orlando

Adrenaline pumping and music thumping, you head straight toward the sky. Suddenly, you're doing 65 mph, 17 stories over the

streets and buildings of Universal Studios.

Get ready to take your music for a ride on Hollywood Rip Ride Rocket, the world's most technologically-advanced roller coaster. For the first time ever, you pick the soundtrack while on-board cameras record your pulse-pounding flight. The "never been done before" elements also extend to the track itself with several world's-first moves.

Hollywood Rid Ride Rockit is the most personalized and immersive roller coaster experience in the world, and you can experience it at Universal Studios!

ZIPLINE SAFARI EXPERIENCE

Prepare yourself for a brand new tree-top nature tour like none other. This thrilling zipline experience, the first and only of its kind in Florida, allows you the perfect aerial vantage point

to learn about Florida's diverse ecosystems on a one-of-a-kind adventure. Along the two and a half hour journey, you'll soar through the tree tops 55 feet off the ground, and make your way across skybridges while learning about Florida's natural flora and fauna from your expert guide. Brace yourself for the sensation of flight as you zipline smoothly through pine flatwoods and over wetlands and prairie, home to native Florida wildlife including alligators, black bears, white tail deer and the endangered Florida Panther, all at speeds up to 25 miles per hour!

WESTYE COOKING CLASS

AtTheWestyeGroupShowroom, guests will experience a two hour, interactive gourmet cooking class. A talented and interactive chef will show you how to prepare a delectable meal while using the state-of-the-art Sub-Zero and Wolf Cooking Appliances featured in the showroom. This exciting showroom features a live demonstration kitchen, wine storage galleries and several cooking stations, and more.

Guests may choose from a selection of themed menus or a menu can be customized for your group. A total of seven cooking stations are arranged in the room to accommodate groups of up to four people at each station. Here you will create the different items which will be served family-style to the group at the conclusion of the class.
